*With ongoing significant clinical development activities; Pipeline as of October 31, 2019
Pipeline not all inclusive; programs also ongoing in other Therapeutic Areas. For glossary of disease abbreviations please refer to appendix.

- ▶ Stage-ups since earnings announcement July 31, 2019
 - ▶ Stage-ups/additions since April 1, 2019
 - Orphan Drug Designation (in any region / indication for a given asset)
 - Potential for registration enabling Ph-2 study
- Assets shown in Phases 1-3 explicitly refer to new molecular entities
